# MACON VALLEY ACHIEVES A 2026 DEFICIENCY-FREE ANNUAL SURVEY

## WHAT IS DEFICIENCY-FREE?

*A deficiency-free survey means full compliance with every standard reviewed during the state inspection process. This honor reflects strong systems, consistent teamwork, and a shared commitment to quality care.*

At Macon Valley Nursing & Rehabilitation Center in Franklin, North Carolina, excellence is reflected in the daily commitment of our care team and the trust we build with residents, families and care partners.

We are proud to share that Macon Valley achieved a 2026 deficiency-free annual survey, with no deficiencies cited during the state survey process.

This recognition reflects our team's ongoing focus on quality, safety, regulatory compliance and resident-centered care.

The state survey process reviews important areas of care and operations, including resident health and well-being, quality of life, dining services, environmental practices, safety and overall compliance.
